Guidelines provided by NZ Customs

Declared value for Customs purposes-

Guidelines provided by Customs confirm that unless the damage is insignificant the value of cylinder/s requiring repair will generally be the scrap metal content value. Please declare the value of your cylinder/s appropriately. You may be able to insure them for more if this is necessary. Call us toll free if you have any concerns. ph 1800 724 166

Cylinder Information (Please remove studs, powervalves, and fittings)

Make:..... Model:.....
 Year:..... Frame number.....

We require piston is it included: Yes / No

If No do you want us to supply one: Yes / No If there is no piston we can replate it to factory size or a size nominated by you. You will then be responsible for checking the clearance of the piston/s We require all studs, power valves etc to be removed. There will be an extra charge if you would like us to do this. Please send the power valve with the cylinder so we can check fitment after plating.

We will repair/replate your cylinder, do you have any special instructions for this cylinder: Yes / No
